Dear Friends and Neighbors,

The quality of life in our communities is often dependent upon knowing whom to call for help. Local, state and national elected officials, social and health agencies, education officials and environmental offices are just a few of the places many of us turn.

The important thing to remember is assistance is available. We have the opportunity to improve our lives and our communities for the better. As your state representative, elected to serve you, I'm committed to helping make government more accessible and accountable to you. It's important that you know about and can take advantage of our community's resources.

I'm providing this easy-to-use directory of commonly used phone numbers so you may quickly find what you need. Consider placing the directory near your phone, in the office or anywhere it's convenient. I invite you to use it often. If you still need help with a state agency or have questions about state regulations or laws, please feel free to call my office at the number listed below. Thank you for allowing me the honor of serving you.

Sincerely,

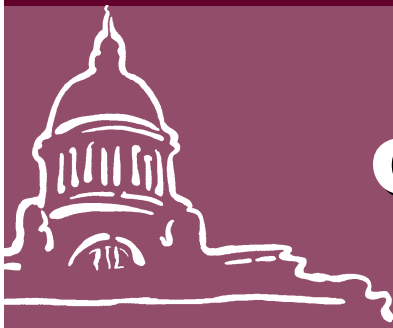

Rep. Rodney Tom • District 48

SOME THINGS TO THINK ABOUT:

- ✓ The cost to treat smoking-related disease in the U.S. is \$150 billion a year. What's more, the human toll is 440,000 deaths each year from smoking.
- ✓ Men who smoke live 13 years fewer than those who don't. Smoking cuts women's lives shorter by 14 years.
- ✓ The cost to taxpayers to keep our criminals in prison is about \$71 per day per inmate in Washington. That's double what it was 10 years ago.
- ✓ In 2001, U.S. colleges graduated 16,000 computer science majors. By contrast, India had 220,000 computer science grads.
- ✓ Last year, the high school dropout rate was 32 percent in Washington.
- ✓ Up to 50 percent of high school graduates entering college require remedial education.
- ✓ In 2002, 45 percent of all deaths on our roads in Washington, or 298 fatalities, were alcohol-related.

2003 Government Directory
